**“Anyone can
promise, but true
value lies in
delivering.”**

WHO ARE WE

Founded in 2008, Sri Gajanana Cranes and Hoists (SGCH) is today recognized as one of India's most trusted names in material-handling equipment manufacturing. From conceptualization to commissioning, we specialize in designing, developing, and installing high-performance cranes and hoists across industries.

With a strong foundation laid by Mr. Ravi Sankar (B.Tech – Mechanical Engineering), SGCH has become synonymous with quality, safety, and reliability. Headquartered in Hyderabad, Telangana, the company has grown steadily by focusing on customer-centric solutions and technological innovation.

“

Gajanana Cranes and Hoists is committed to enhancing customers' safety and productivity at customers' operations by providing products and services. with innovative ideas and cutting-edge technology. Gajanana always uses our customers' perspective to design and bring innovative solutions.

”

OUR MISSION

To deliver innovative material handling solutions that enhance efficiency, safety, and productivity, enabling industries to achieve greater growth.

From idea to installation

CERTIFICATIONS

- **ISO 9001:2015** – Quality Management System
- **ISO 14001:2015** – Environmental Management System
- **OHSAS 18001:2007** – Occupational Health & Safety

These certifications reflect our commitment to excellence, sustainability, and worker safety.

OUR PRODUCTS

At SGCH, we offer a wide range of material-handling products, engineered for performance and durability:

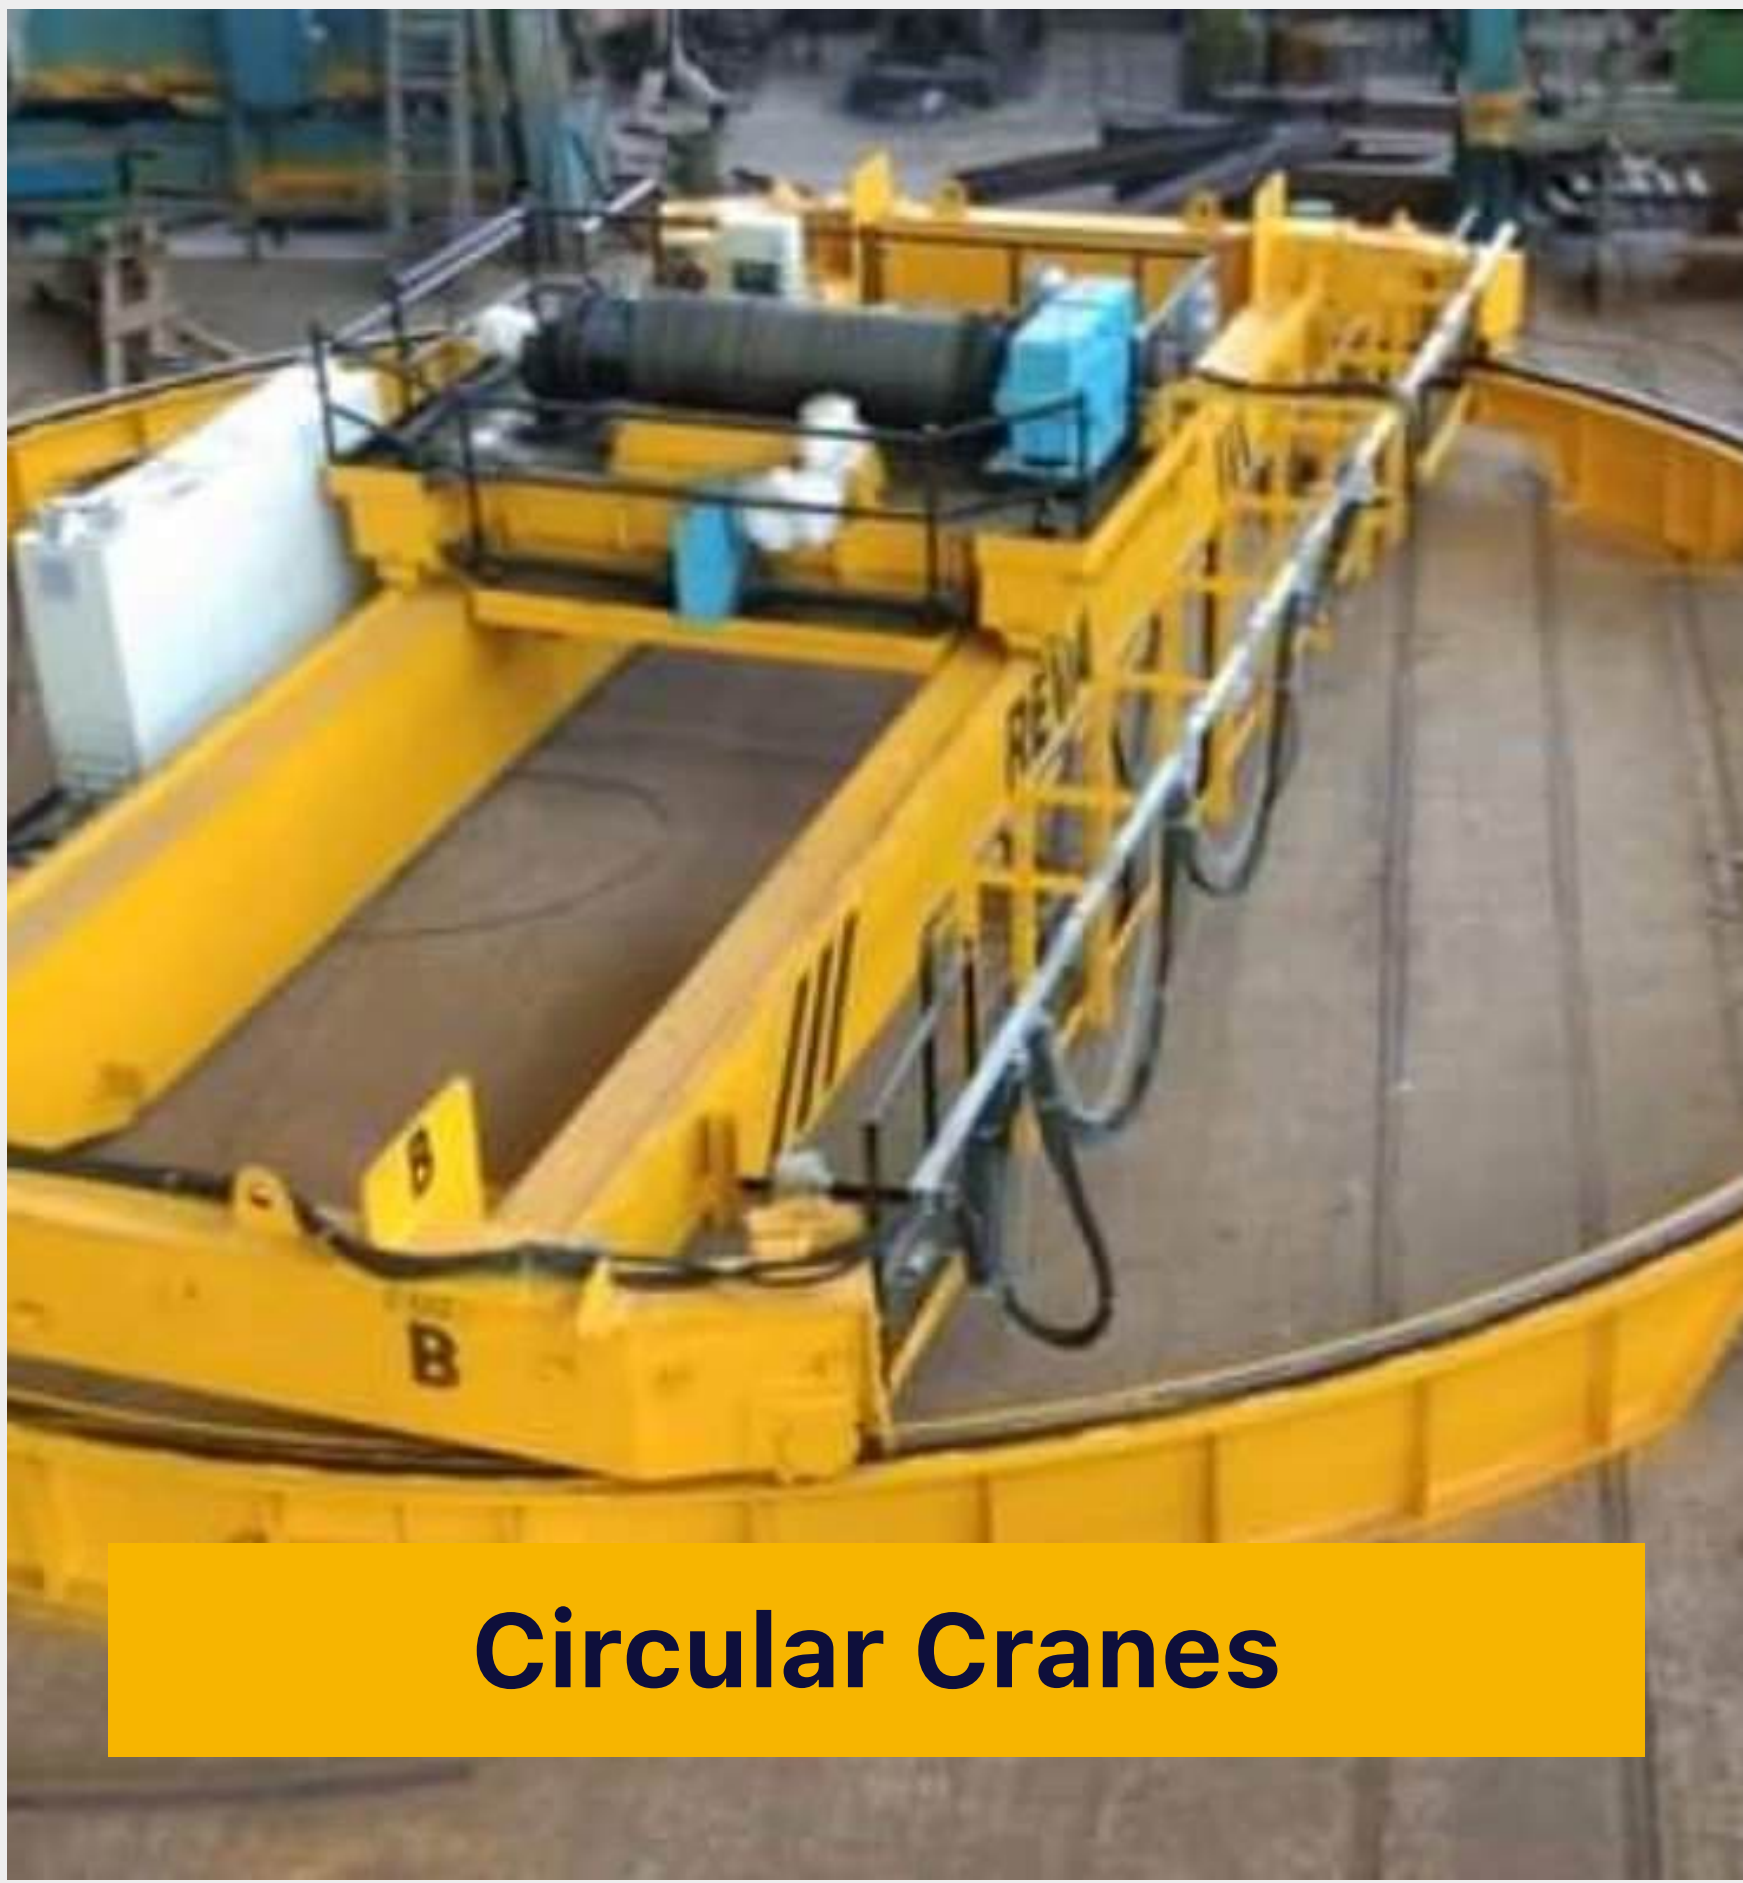

EOT Cranes (1-100 tons)

Goliath Cranes (1-100 tons)

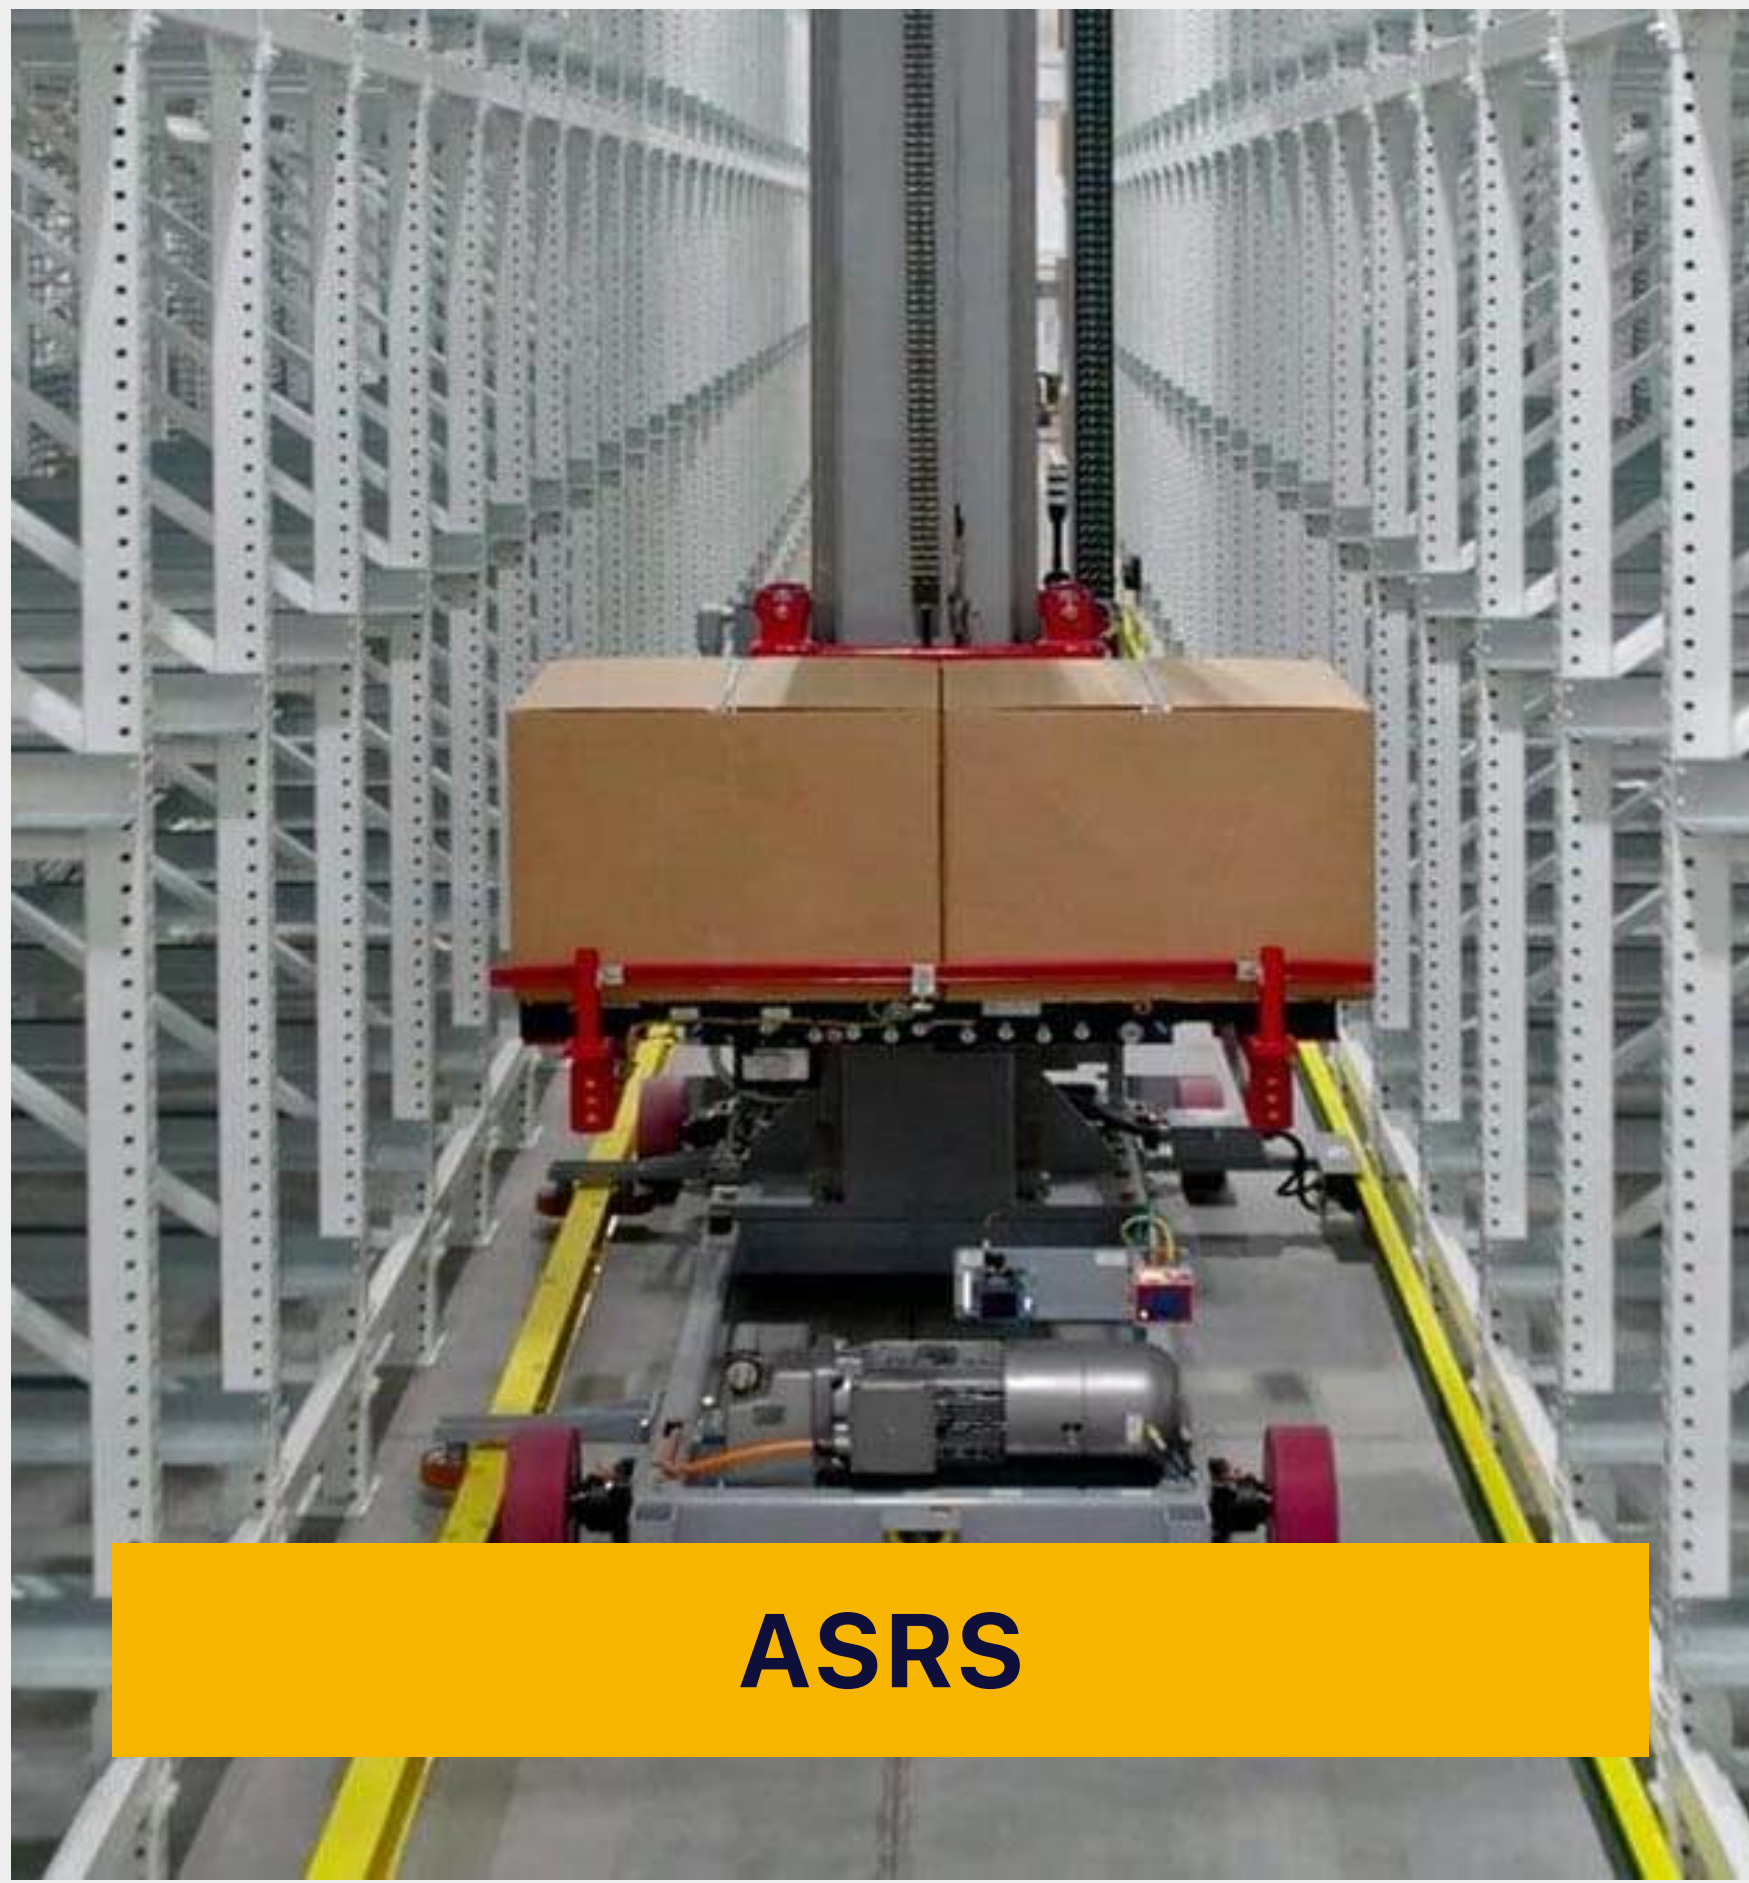

Jib Cranes (0.25-3 tons)

Circular Cranes

Trash Rack Cleaning Machines

ASRS

Hydel Projects

Heavy Structural Fabrication

PEB Structures

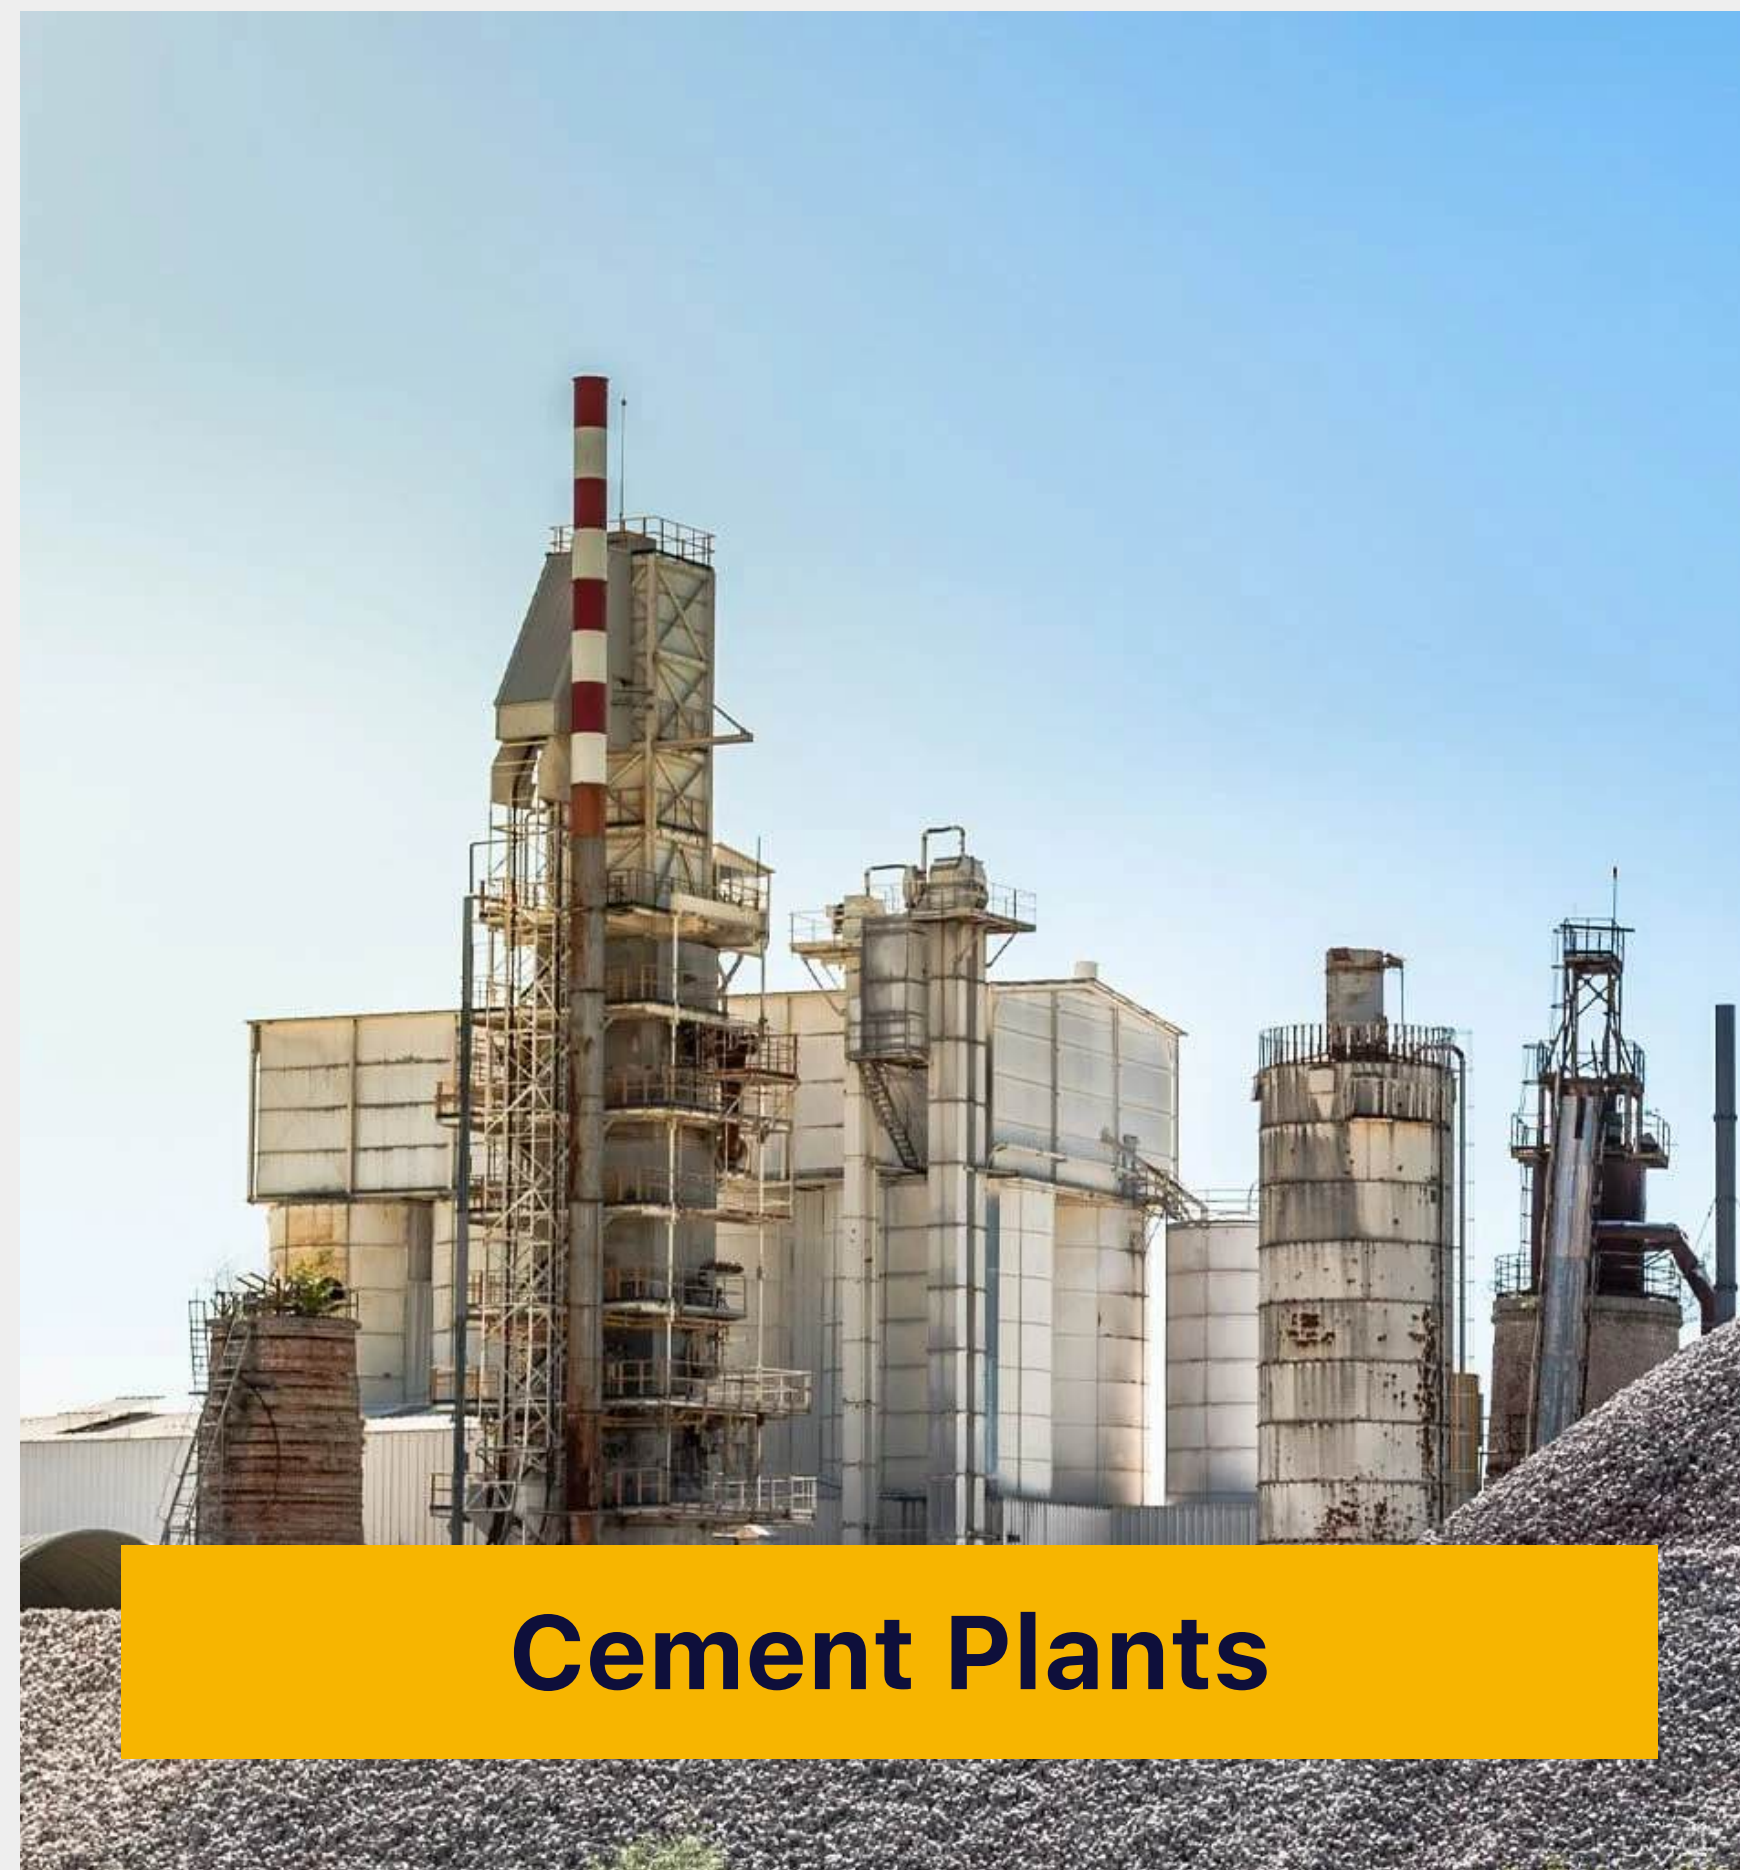

"Strong machinery builds stronger industries."

APPLICATIONS

At Sri Gajanana Cranes and Hoists, our products are engineered to serve a wide spectrum of industries. From heavy-duty operations to precision handling, our solutions are tailored to improve efficiency, safety, and reliability across multiple sectors.

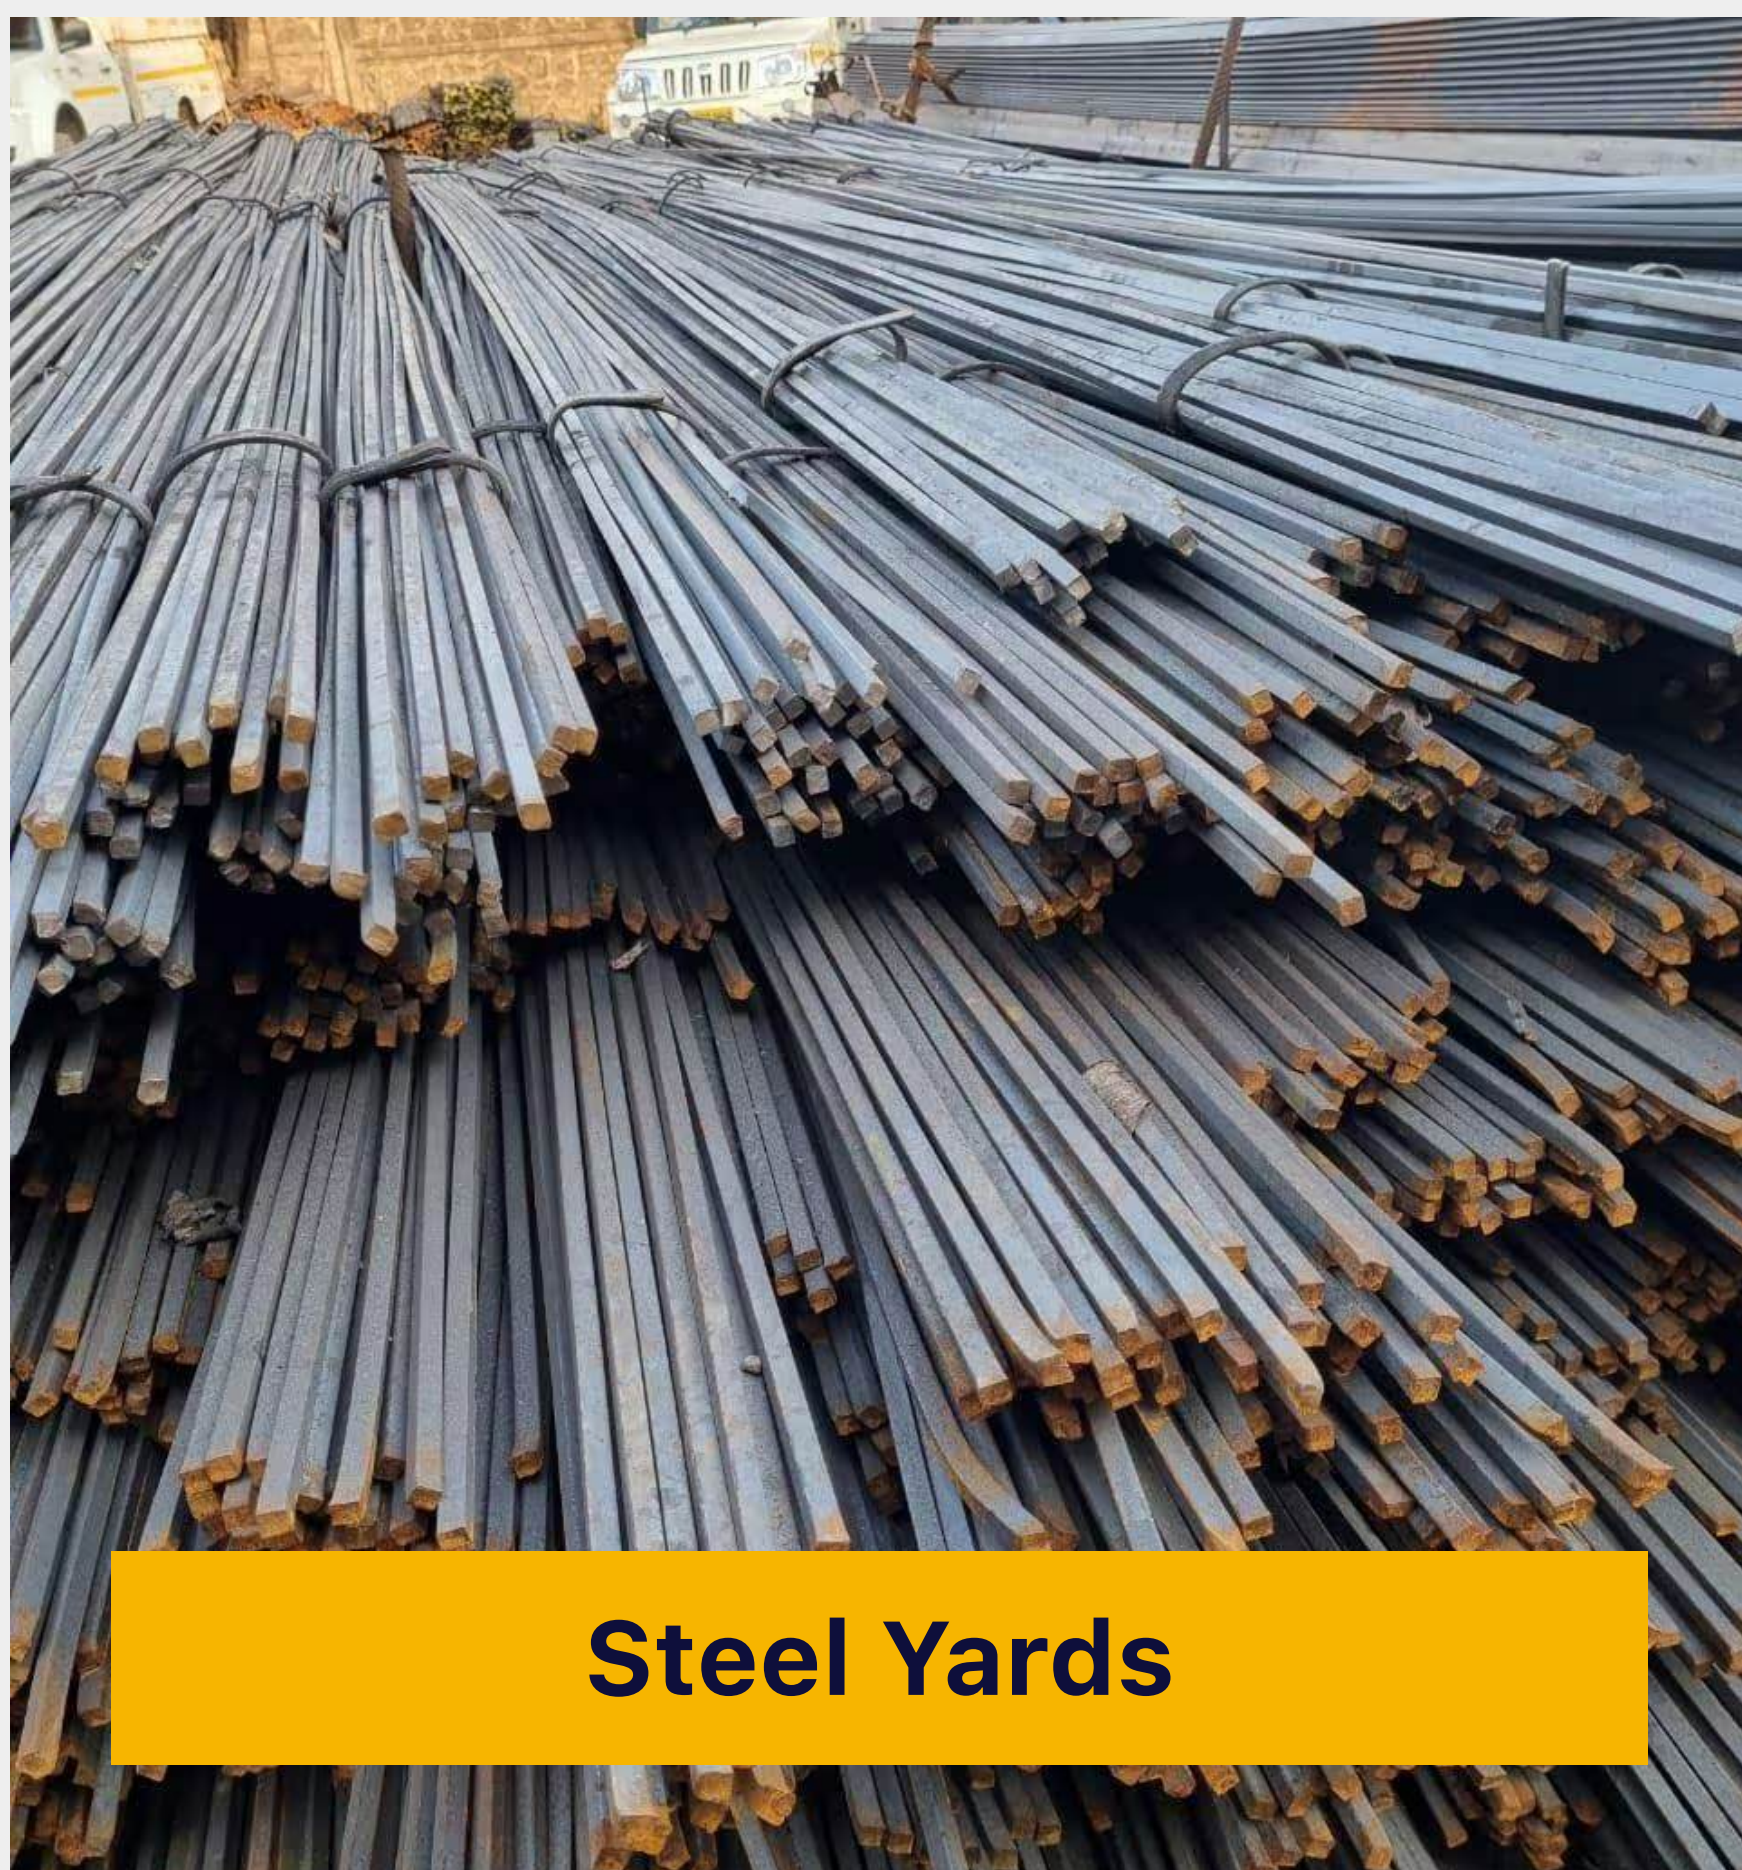

Steel Plants

Cement Plants

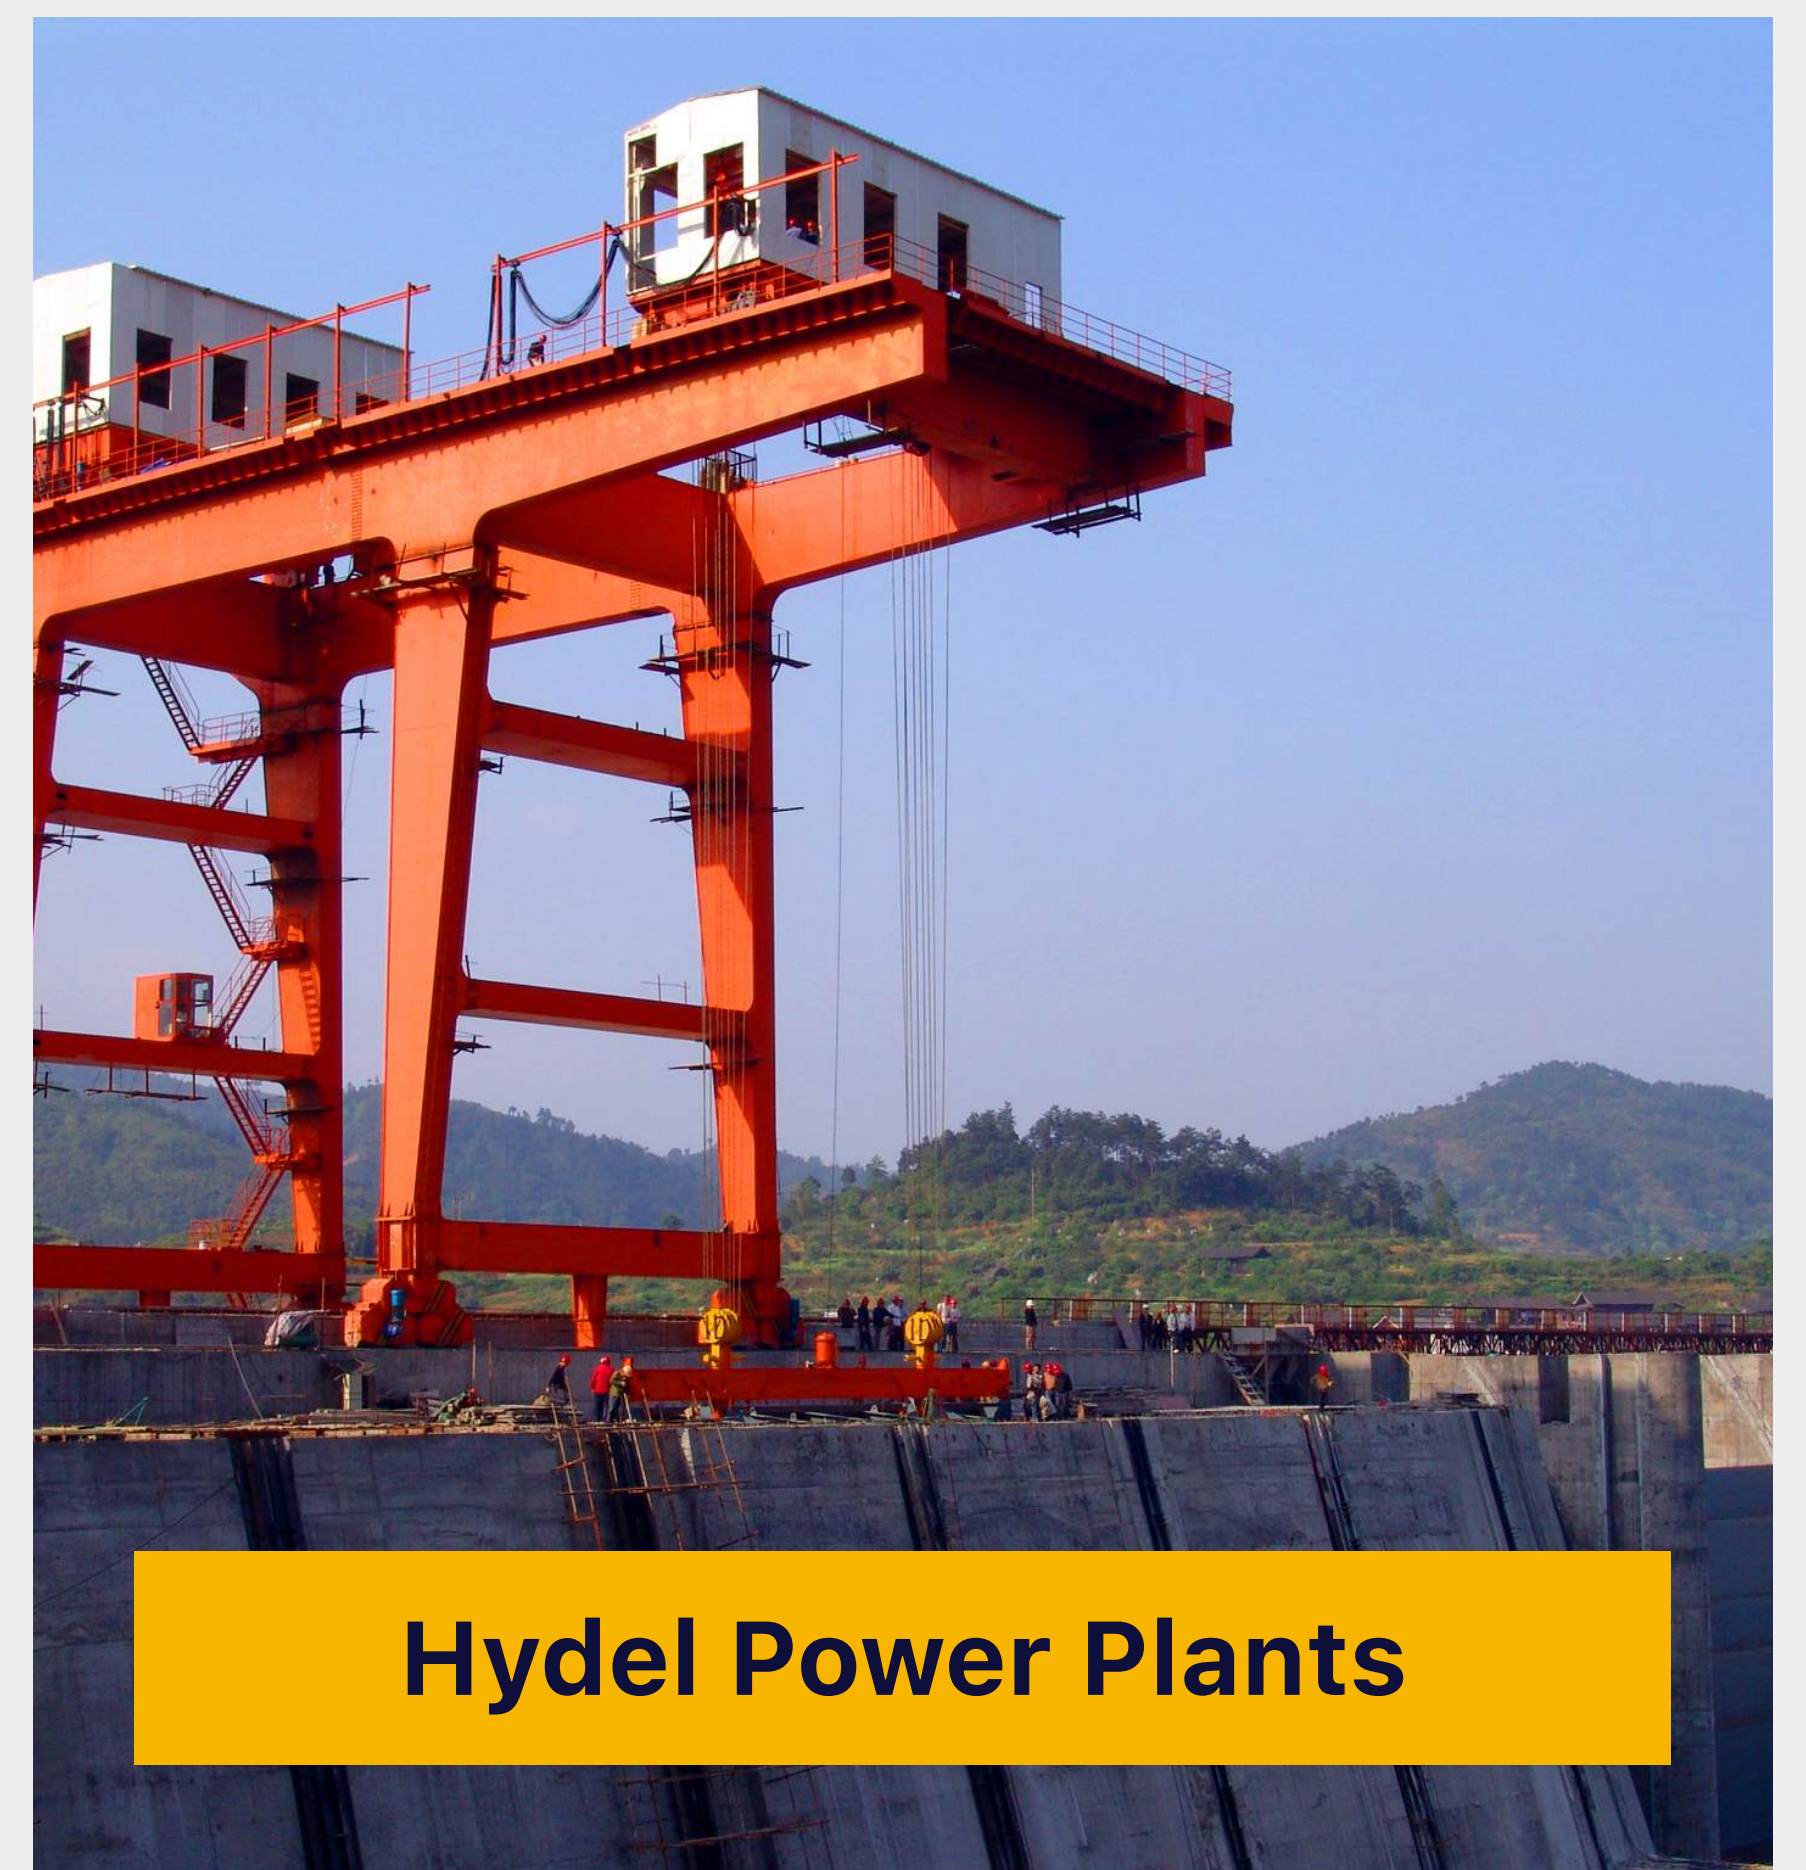

Warehouse & Logistics

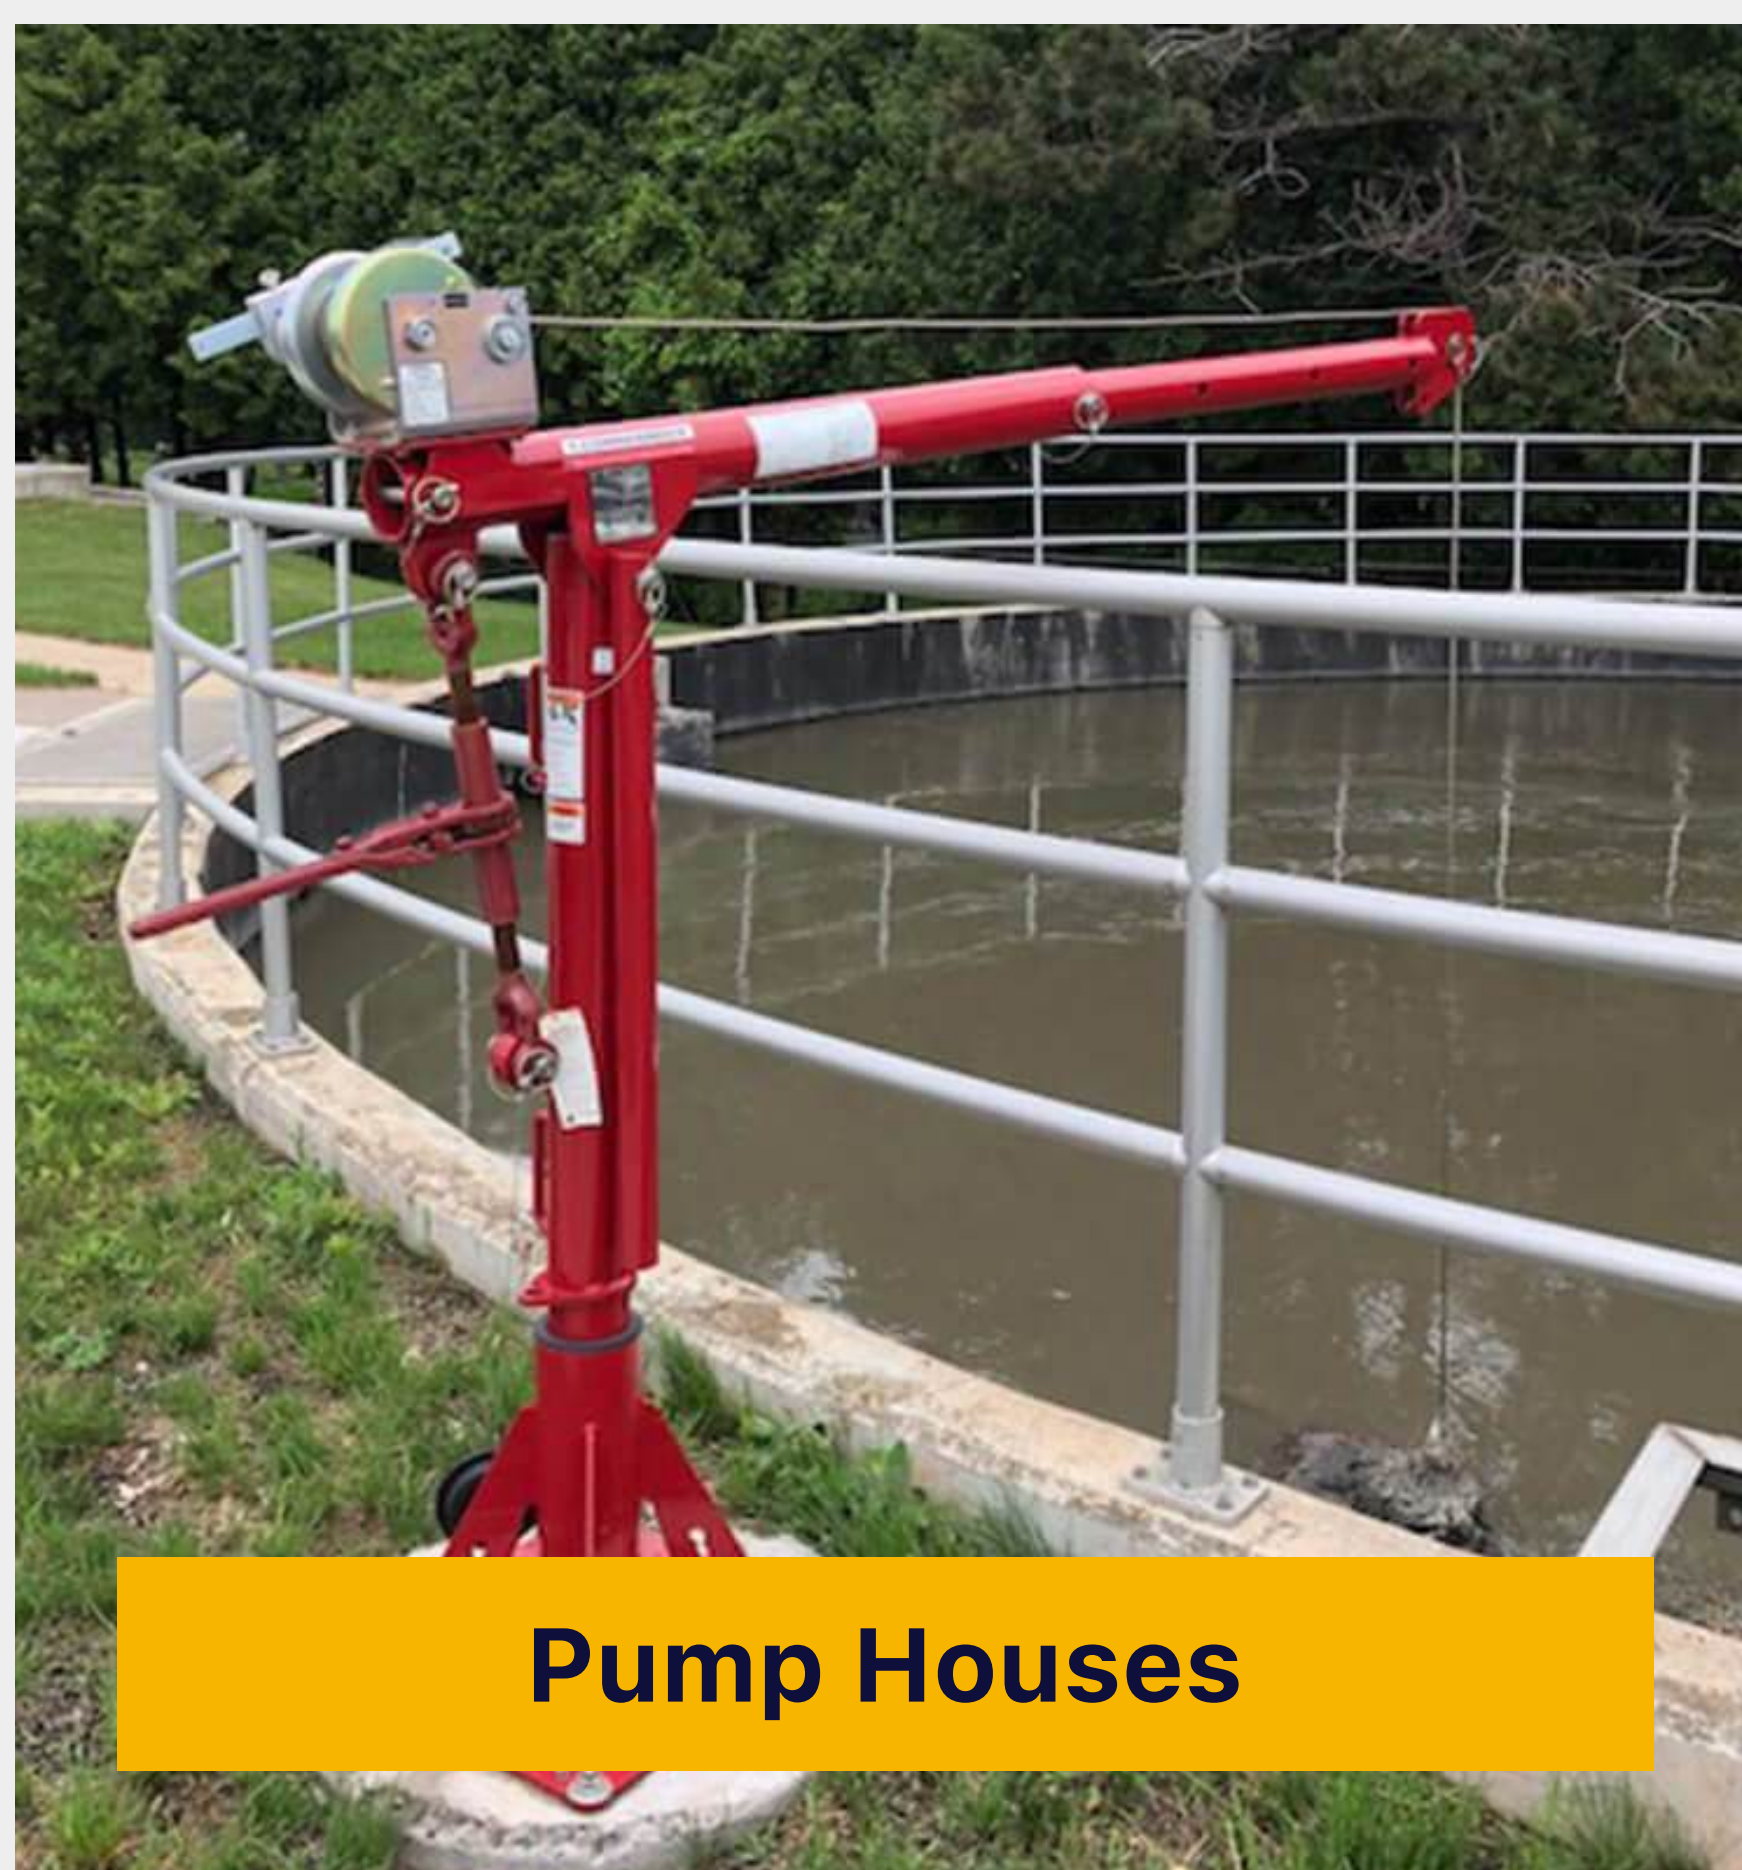

Steel Yards

Heavy Fabrication Units

Hydel Power Plants

Pump Houses

make the toughest
jobs effortless. ”**

CLIENTELE & INFRASTRUCTURE

OUR CLIENTS

With over 450 satisfied customers, SGCH proudly serves leading names such as: MRF Limited, Sagar Cements, MEGA Engineering, Rockwool, L&T, Vishnu Chemicals, Shalimar Alloys, Gammon India, Om Infra, Safecon, and many more.

OUR INFRASTRUCTURE

- State-of-the-art Manufacturing Facilities
- Dedicated Research & Development Unit
- Advanced Technology & Equipment

MANUFACTURING UNITS

- Rajiv Gandhi Nagar Extn, Kukatpally, Hyderabad
- TIF-MSME Integrated Green Industrial Parks, Dandumalkapur, Telangana

"Partnerships thrive on trust, and trust is built on consistent performance."

WHY CHOOSE SGCH?

- Robust, reliable, and cost-effective solutions
- Expertise of highly skilled engineers and technicians
- On-time project delivery
- Dedicated after-sales support ensuring long-term performance

OUR GALLERY

Our gallery showcases the strength of our engineering, the scale of our projects, and the trust of our clients. Every crane, hoist, and structure we deliver reflects our commitment to quality, safety, and innovation.
